

Song for

the Soka Gakkai Youth of the World

Eternal Journey with Sensei

(The Song of Our Vow)

※ *Let us soar, you and I, into the dawning skies
Let us strive as long as we live, leaving no one behind
Forward, we advance, we arise!*

*Breaking through the storms of the night, the blazing sun emerges bright
Illuminating humanity, changing destiny
Tears of sorrow turning into lionhearted smiles
With our shared pledge, we disciples will soar to victory now
Sensei! Your vow is my vow!*

※ *repeat*

*From every corner of the world, we are leaping up to dance
As the Bodhisattvas of the Earth, united as one, we advance!
We' re awakened to our mission, lighting hope in every one
With our shared pledge, we disciples will soar to victory now
Sensei! Your vow is my vow!*

*Let us soar, you and I, into the dawning skies
Let us strive as long as we live, leaving no one behind
Forward, we advance, we arise! We arise!
Sensei! I can feel limitless power running through me now
Sensei! Your vow is my vow!
Sensei! Your vow is our vow!*
