

The Vow of Ikeda Kayo-kai

Today with you, Sensei
With eternal brilliance in our hearts
We cast away the winter's gloom
Bringing spring; a brand new start
Like a father you cheer us on
Undefeated, our hearts are one
True disciples for eternity
Ikeda Kayo-kai

We seek from you, Sensei
In rhythm with your life each day
To give courage to all our friends
We awaken to our vow
Illuminated bright as the sun
Like Kaneko's embracing smile
True disciples for eternity
Ikeda Kayo-kai

We vow to you, Sensei
With justice burning in our hearts
We stand together, we won't retreat
Always fighting by your side
Eradicating all misery
With monumental victories

Thank you, Sensei!
We are proud to be
Ikeda Kayo-kai
Born together through eternity
Always forging on joyfully
